

SUNRISE

VittrA

Where do you start your day?

You open your eyes in the morning, get up from your bed. And the first thing you do is step in the bathroom. What sort of a bathroom environment would perk you up for a great start day after day?

That was precisely the question NOA Design Group bent their talents upon when they sat down to develop the Sunrise line for VitrA. The answer they came up with is a bathroom line as fresh and invigorating as the first rays of the sun to help launch your day with the promise of a new beginning. And smart design solutions provide for a perfect fit in bathrooms of all sizes, inviting you to enjoy the Sunrise regardless of space constraints. Take a look at VitrA Sunrise, and ask yourself:

Where would I like to start my day?

VitrA Sunrise. Functionality, style, and a wealth of options to choose from including a size range of washbasins and towel rails for best fit in spacious or compact bathrooms, as well as the ultimate water-saving WC pan that only uses 2.5/4 lt flush water.

Water
Conservation

Sunrise wall-hung WC pan
and bidet with 2.5/4 lt
function, suspended 85 mm
above ground for easy
cleaning.

Let's stop wasting water in the toilet

Continuing efforts to improve on low consumption were rewarded by the WC-cistern combinations that provide a perfectly efficient flushing with only 2.5/4 lt of water. The products were tested by the German LGA Institution and certified to be the world's first WC-cistern combinations that flush with only 4 lt in compliance with EU standards (EN997).

Vitra Slope basin mixer

washbasin with trap cover

How would you like your washbasin?

Whether your bathroom is large or small, you are sure to find a washbasin that is just the right size in Vitra Sunrise. The series includes no less than 11 choices of washbasins ranging from 36 cm to 65 cm in width.

- 40x40 cm washbasin suitable for corner placement,
- Right or left asymmetric washbasins suitable for placement on flat walls as well as corners,
- 36x25 and 50x26 cm washbasins ideal for compact bathrooms,
- Washbasins with alternative right-hand or left-hand side shelf space,
- Specially designed towel rails complementing each individual washbasin.

Sunrise offers you a wealth of choices to help you create the bathroom of your dreams.

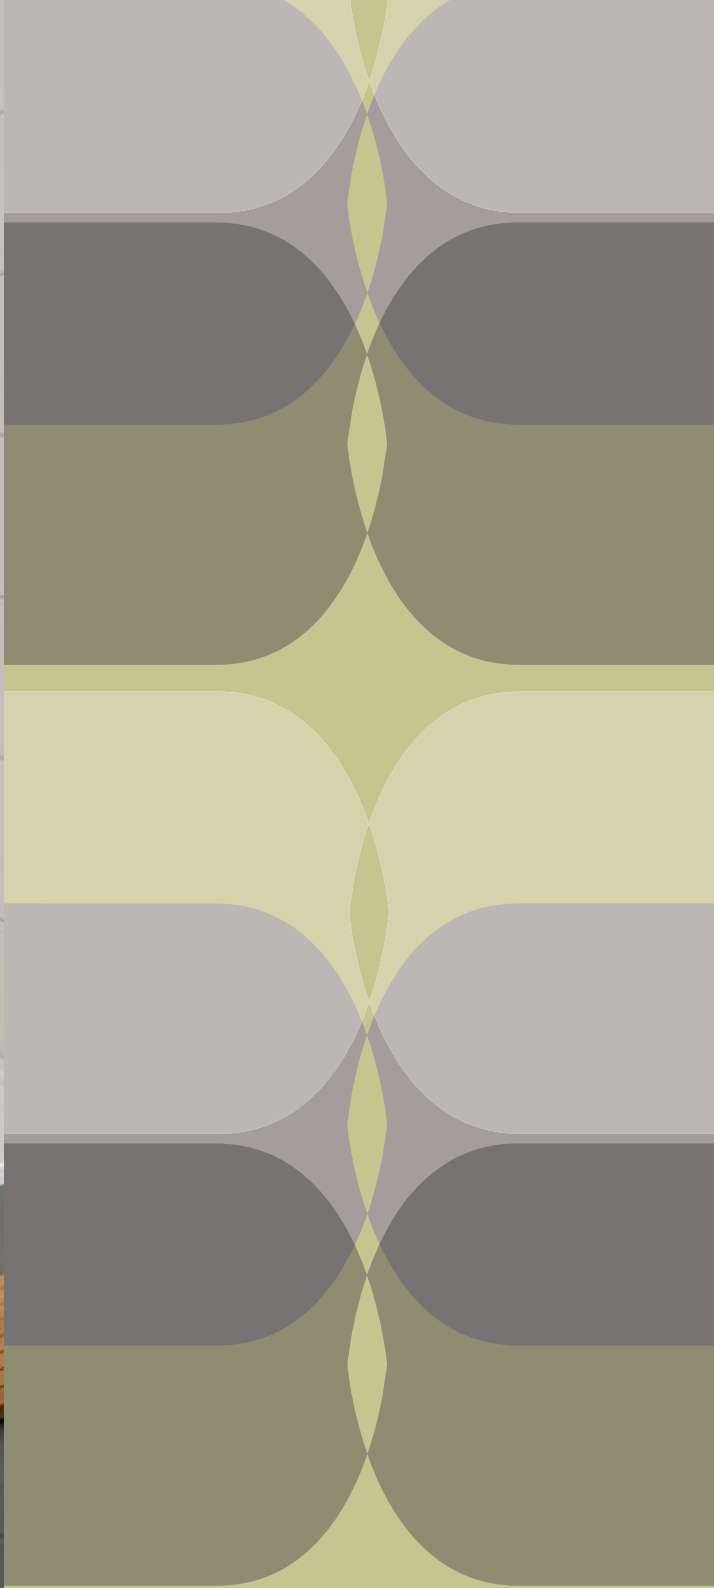

You can make the best of available space with right or left asymmetric Sunrise washbasins suitable for placement on flat walls as well as on corners, complete with specially designed matching towel rails.

50x26 cm Sunrise washbasin with left-hand side shelf space

36x25 cm Sunrise washbasin designed for space constrained bathrooms

Sunrise washbasin with
pedestal and floor standing
WC combination

VitrA Slope basin mixer
featured on Sunrise
washbasin with
pedestal

The secret is in the detail..

Eliminating that annoying toilet “slam” and ensuring improved safety for children, soft closing technology featured in Sunrise toilet seats is only one of the many smart details that enhance the the user-friendly design concept of Sunrise.

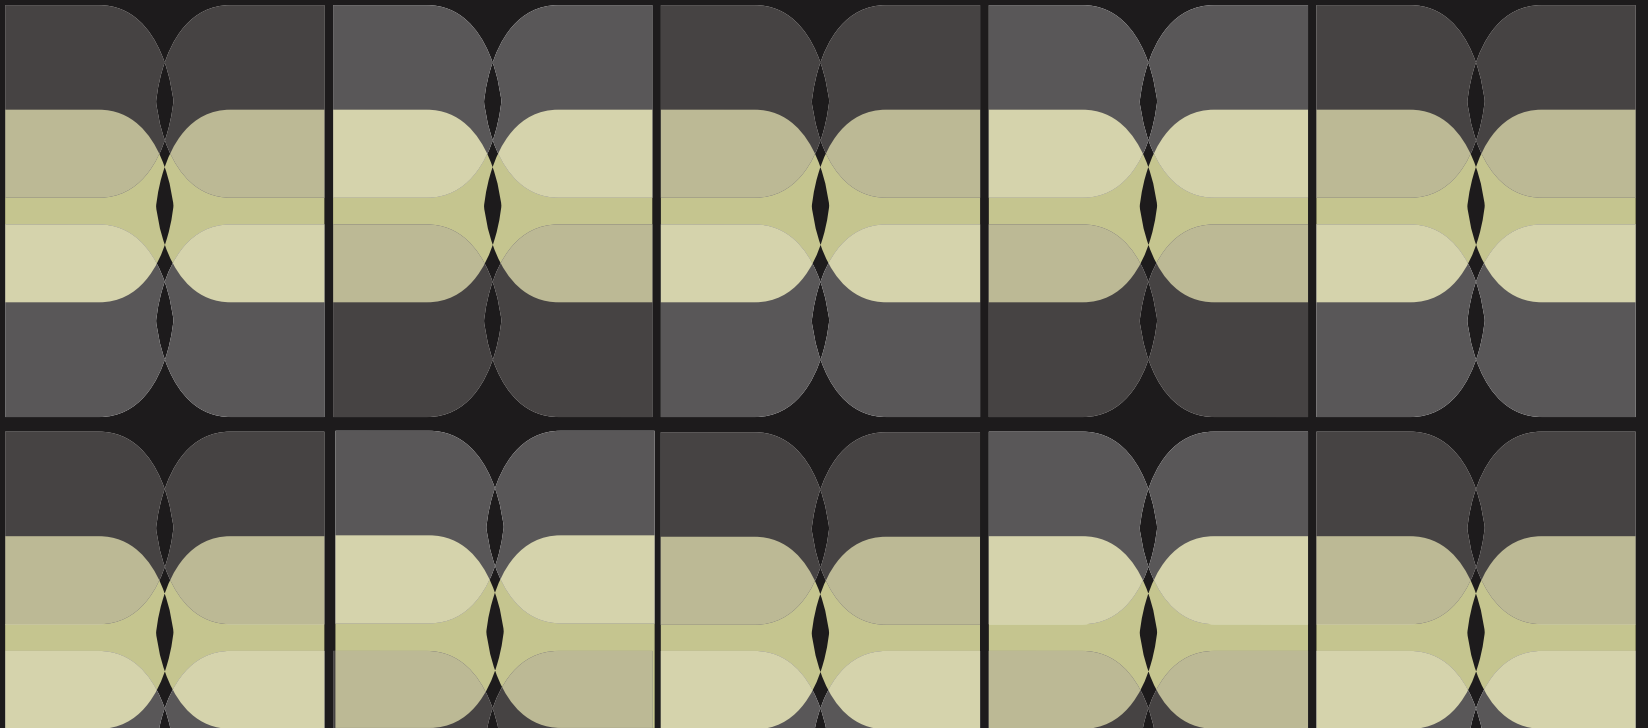

Water
Conservation

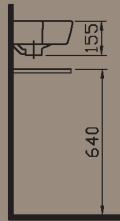

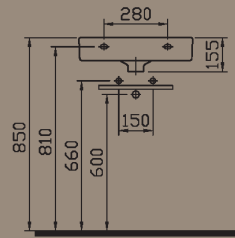

Sunrise floor-standing WC pan with 2.5/4 lt dual flush function, provides water conservation just like the wall-hung WC pan.

NOA DESIGN

Sunrise line is the latest product of Vitra's highly fruitful collaboration with NOA Design Group. Enhanced by a wealth of smart details, and complemented with Vitra Slope faucets, Sunrise offers a full product range true to Vitra's complete bathroom concept, designed to transform your bathroom into a bright spot of attraction.
